SALES BOOSTER

LEARN • APPLY • CLOSE STRONGER

Discover practical strategies from Matthew Lam and the team to help you create more opportunities and close with confidence.

WHAT YOU'LL LEARN

"Only I" mindset to turn the tide
Take ownership.
Make it happen.

The Art of Digital Ad Funnel
What is the right time to run what type of ads?

The "NEED" concept that changes your exit strategy
Help clients buy with clarity and exit with confidence.

Spot undervalued projects via land price trendline
Make better decisions with data.

Breakeven Insights
Which is easier to breakeven? The one with more expenses or the one with fewer expenses?

Real case studies
Learn from actual projects and results.

**TELEMARKETING
(AI CALLING)
(Seller's Channel)**

Telemarketing

1. Can use AI Calling → Remove the emotions
2. If you need a core activity and something to quickly increase DATA
3. Jonathan (>12 months ago leads) → Dropbox → Data & Caveat → Monthly purchase of 2000 numbers
4. Edwin (about 3 months old leads) → Multiple packages → Better quality leads

EDWIN – 80904199

One-Time Purchase Packages

 Tier Name	 Leads Included	 Price/Lead	 Total Price
Starter Batch	100	\$3.00	\$300
Growth Bundle	500	\$2.80	\$1,400
Expansion Kit	1,000	\$2.50	\$2,500
Serious Closer	2,500	\$2.10	\$5,250
Power Agent	5,000	\$1.80	\$9,000
Market Taker	10,000	\$1.50	\$15,000

 Delivered via Google Sheet within 24 to 48 hours.

Prefer Monthly? Try Our Subscription Plan

 Plan Name	 Leads/Month	 Price/Lead	 Monthly Fee
Consistent Closer	200	\$2.80	\$560
Deal Hunter	500	\$2.50	\$1,250
Pipeline Builder	1,000	\$2.10	\$2,100
Lead Machine	2,000	\$1.80	\$3,600

 Delivered monthly via Google Sheet

 Minimum commitment of 3 months (one-time payment)

 Optional add-ons available at checkout

Telemarketing (THOMSON RESERVE SCRIPT)opNex

Dear (NAME),

I am sure by now you would have heard of the upcoming blockbuster Thomson Reserve.

If you currently own a unit to stay in, it's best to plan 2-3 months ahead rather than last minute rush that may result in a lower desperate sale price.

Would you be free to meet up to plan ahead? Most importantly, how to avoid a 500K fatal mistake by choosing the wrong unit in Thomson Reserve and eroding away your previous capital?

CONTENT FRAMEWORK

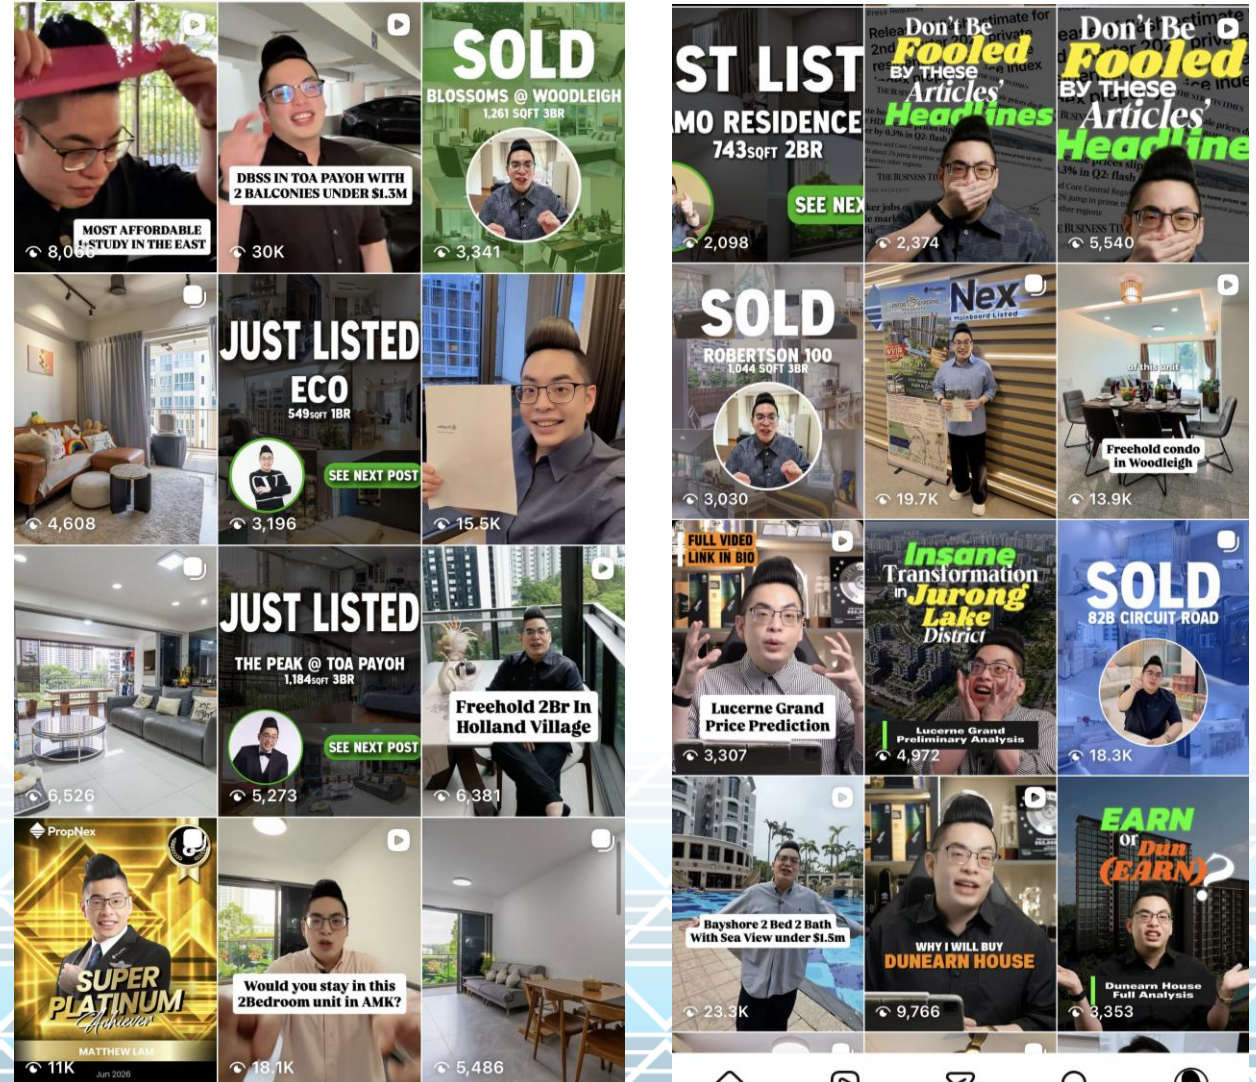

Organised mess makes it look like many listings and activities → Organic push by IG to achieve more listings

- Include awards, certs, educational content
- Listings Achieved:
 1. Gazania
 2. Eco
 3. The Peak @ Toa Payoh DBSS
 4. AMO Residences
 5. Symphony Heights
 6. Parc Olympia 3BR
 7. 1 Canberra
 8. Uptown Farrer

How to start?

1. use CHOPE/EssentialsMax listings to create videos, templates and posts → Request from Listing agent
2. Landed developer listings
3. AI Telemarketing / Telemarketing

NEW: Project Consultation Ads (Thomson Reserve)

Example Script (Video Script For Project Consultation)

Choose the wrong unit at Thomson reserve and lose over half a million in potential returns.

It is unquestionably the most anticipated mega-project of the year. Yet with **1,268 units** spanning 6 massive blocks, transaction data shows that selecting an unfavorable layout or orientation can result in a profit difference of more than \$500,000.

After studying years of sales records from past mega-launches like JadeScape, Riverfront Residences, and The Florence Residences, we developed **Unit Selection Concepts** designed to help you pinpoint the single best stack and layout in any major development.

*Smaller units with great views vs. Large units with not so ideal views.

Now Here's an example of concept 1 using jadescape.

Buyer A bought High-floor unblocked Unit #12-16 (904 sqft 3-Bed) at **\$1.92M** (Dec 2022) and sold at **\$2.25M** (Apr 2026) made **\$330k profit**.

****Buyer B**** bought a Block-facing Unit #08-11, 1,012 sqft 3-Bed) at **\$1.8M** (Oct 2022) and sold at **\$2.648M** (Dec 2025) made **\$848k profit**

Not only buyer B bought 120k cheaper, they made a whopping **\$518k more in profits**.

Will you or your agent be sharp enough to avoid mistakes like this, especially during the chaotic balloting day with all emotions and hype.

In my ebook, I will further explain the reason behind why Functional layout and unit size are far more critical to capital gains than a premium view.

I've also compiled the more examples, complete data, and additional concepts, and their exact case studies into my exclusive, free selection ebook

This exact pattern repeats in **every** mega-development, and it ****will**** happen at Thomson Reserve.

Whether you are buying for own-stay or investment, you must protect your hard-earned capital and secure a clear exit strategy for the future

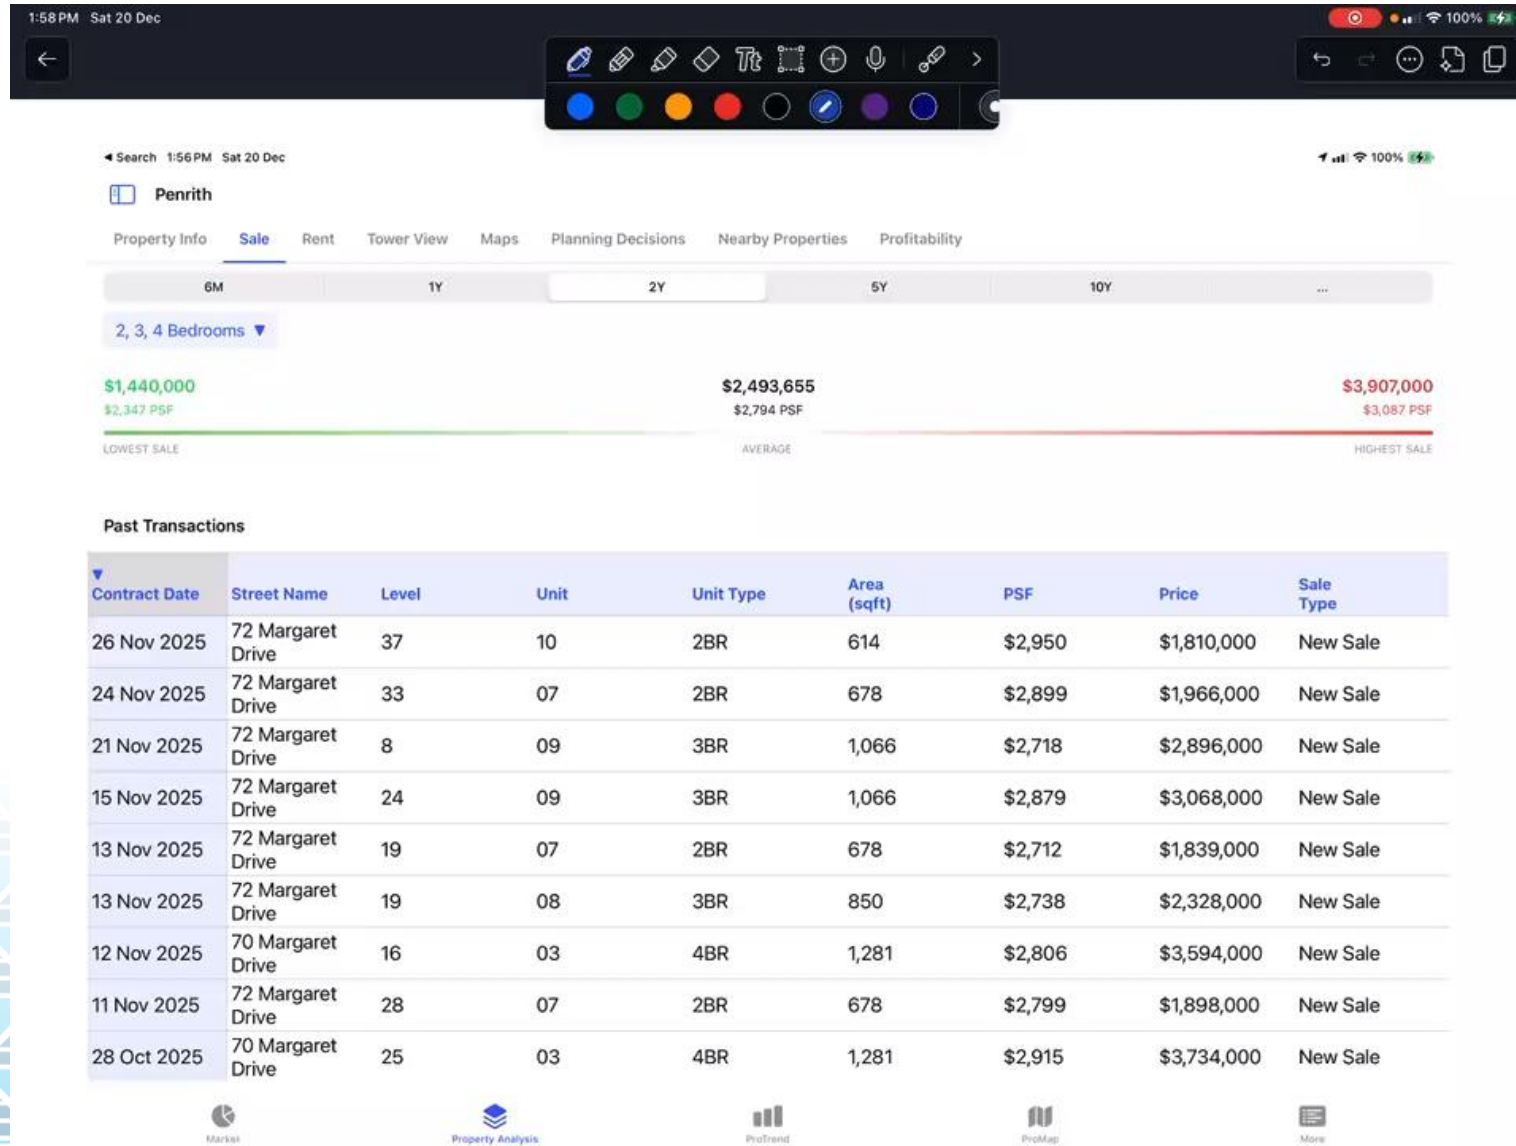

Don't fall for the trap and step into the showflat unprepared. Most importantly, now that you've learnt to select your unit, we can have the best product but if you don't understand the call to action of the market and navigating the Top 5 Main Problems, you still will not take action. Set up a 1-1 consultation with me now!

Click the link below, download your free copy of the Ebook right now!

Top 5 Main Problems Of Today's Market

1. Problem: It did not sell out → It's a bad product PropNex

2. STOCKS VS PROPERTY –

Problem: Stocks has higher yields

- Tangible vs Intangible
- Opportunity cost vs Leveraging
- Is stocks a need or a choice?
- Government vision of need = natural demand
- Stocks: Are they natural demand or artificial demand?
- Real Estate: Need = Natural Demand = Clear Exit Strategy

3. Problem: Resale is safer than NL PropNex (EXPENSES = MORE RISKS)

CASE STUDY – The Sen, 1109sqft, 3BR Premium, 2.53M

- Met this lead in December 2025 from my FB Consultation Ads
- Owned Loft @ Rangoon 1BR → Fully paid at 42 y/o
- Traditional mindset of FH and 1BR (lowest quantum and collect yield)
- Went through the above 5 Main Concerns
- Helped her understand the “NEED” Concept → Is 1BR a need or choice? → Low appreciation.
- Also fixed mindset of FH vs 99 → “NEED” Concept → Is FH a need or choice?
- Once these 2 mindset is cleared, she was more accepting of NL (99LH)
- Viewings we limited → 3 viewings in total → 1 offered after 6 months
- Offered at 750K and she was reluctant to take it → Realigned based on the 5 Main concerns
- Triggered her by asking her to go for showflat viewings first to see if accept the offer
- Showed Hudson Place, One Marina Gardens and The Sen (found out that she stays nearby)
- Anchored with the Sen pitch and used Spot Project to do elimination

The Sen On The Ground Pitch

- Infrastructure Phase where govt heavily focuses on the township infrastructure like malls, amenities etc. → Next will be introduction of population = Higher demand
- Infrastructure phase is the MOST ROI within the fastest period of time
- GFA Harmonisation presents renewed opportunity where NL cheaper than resale
- Low land price = opportunity → otherwise it won't even appear as an option today → Cheapest RCR project
- Huge price gap between Reserve Residence (3200psf) vs The Sen (2200-2300psf) → Market acceptance for this area
- Particularly for the 3BR Premium 1109sqft, can carve out. 4th bedroom in the living room, repurpose the dry kitchen area to become dining
- The area's 4BR is already at 3.5-3.8m, with a 1m price gap, can we use this as a safety net to help maximize your exit strategy at The Sen
- 3BR Compact → all come with bomb shelter between 2.1-2.2m. In order to get a utility toilet, generally must be 2.5M & above throughout Singapore → 300K is it a safe price gap?

The Sen Spot Project (Elimination)

PropNex

Problems (Poor Liveability):

1. Too dense
2. Close block to block distance with blocked view
3. Poor unit distribution

URA Policies Improvement (The Sen)

URA Improvements

1. Avg sizing 70sqm to 85sqm
2. 20% dwelling units
3. GFA Harmonisation

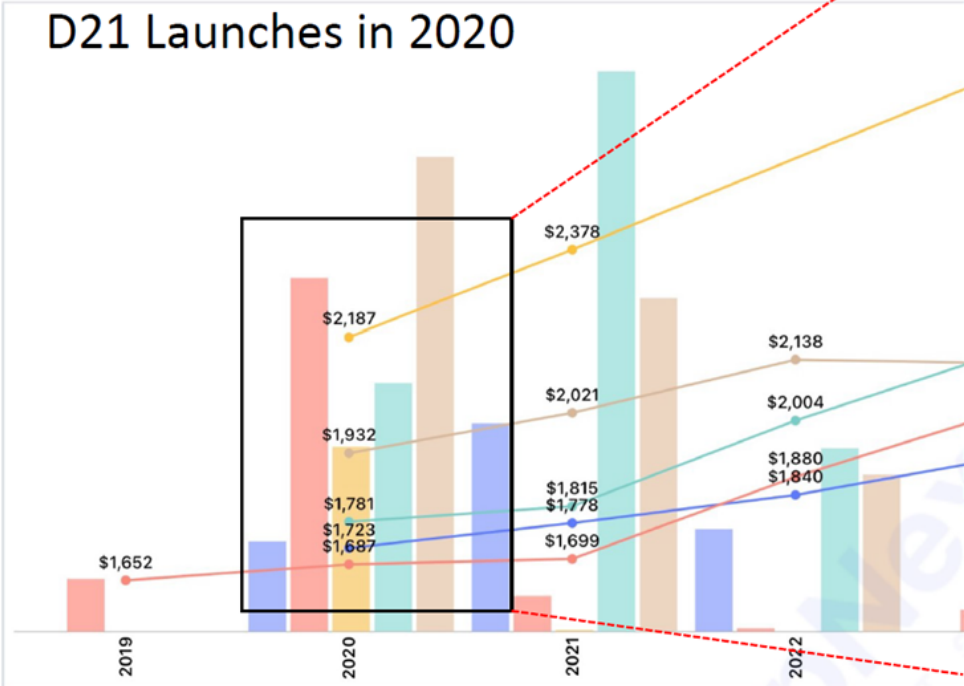

Result:

- Point block with reasonably good views
- Functional balcony to take advantage of pool views & nature park views
- Less dense despite bigger plot of land (Avg sizing)
- Efficient layouts

URA Policies Improvement

Nex

- 1. Too many choices in 2020
- 2. Verdale Price not competitive

The Sen is 400K cheaper for same functionality and unit type
Which would you choose?

A low-angle, upward-looking photograph of several modern skyscrapers with glass facades. The buildings are reflected in each other, creating a complex geometric pattern. The sky is a deep blue with some light clouds, and the sun is setting or rising, casting a warm, golden glow on the lower parts of the buildings and the sky. The overall color palette is dominated by blues and oranges.

THANK YOU
