*"One of the rarest freehold launches in District 11 Novena – an area where no new Government Land Sales sites have been released since 2019."*

# PROJECT DETAILS

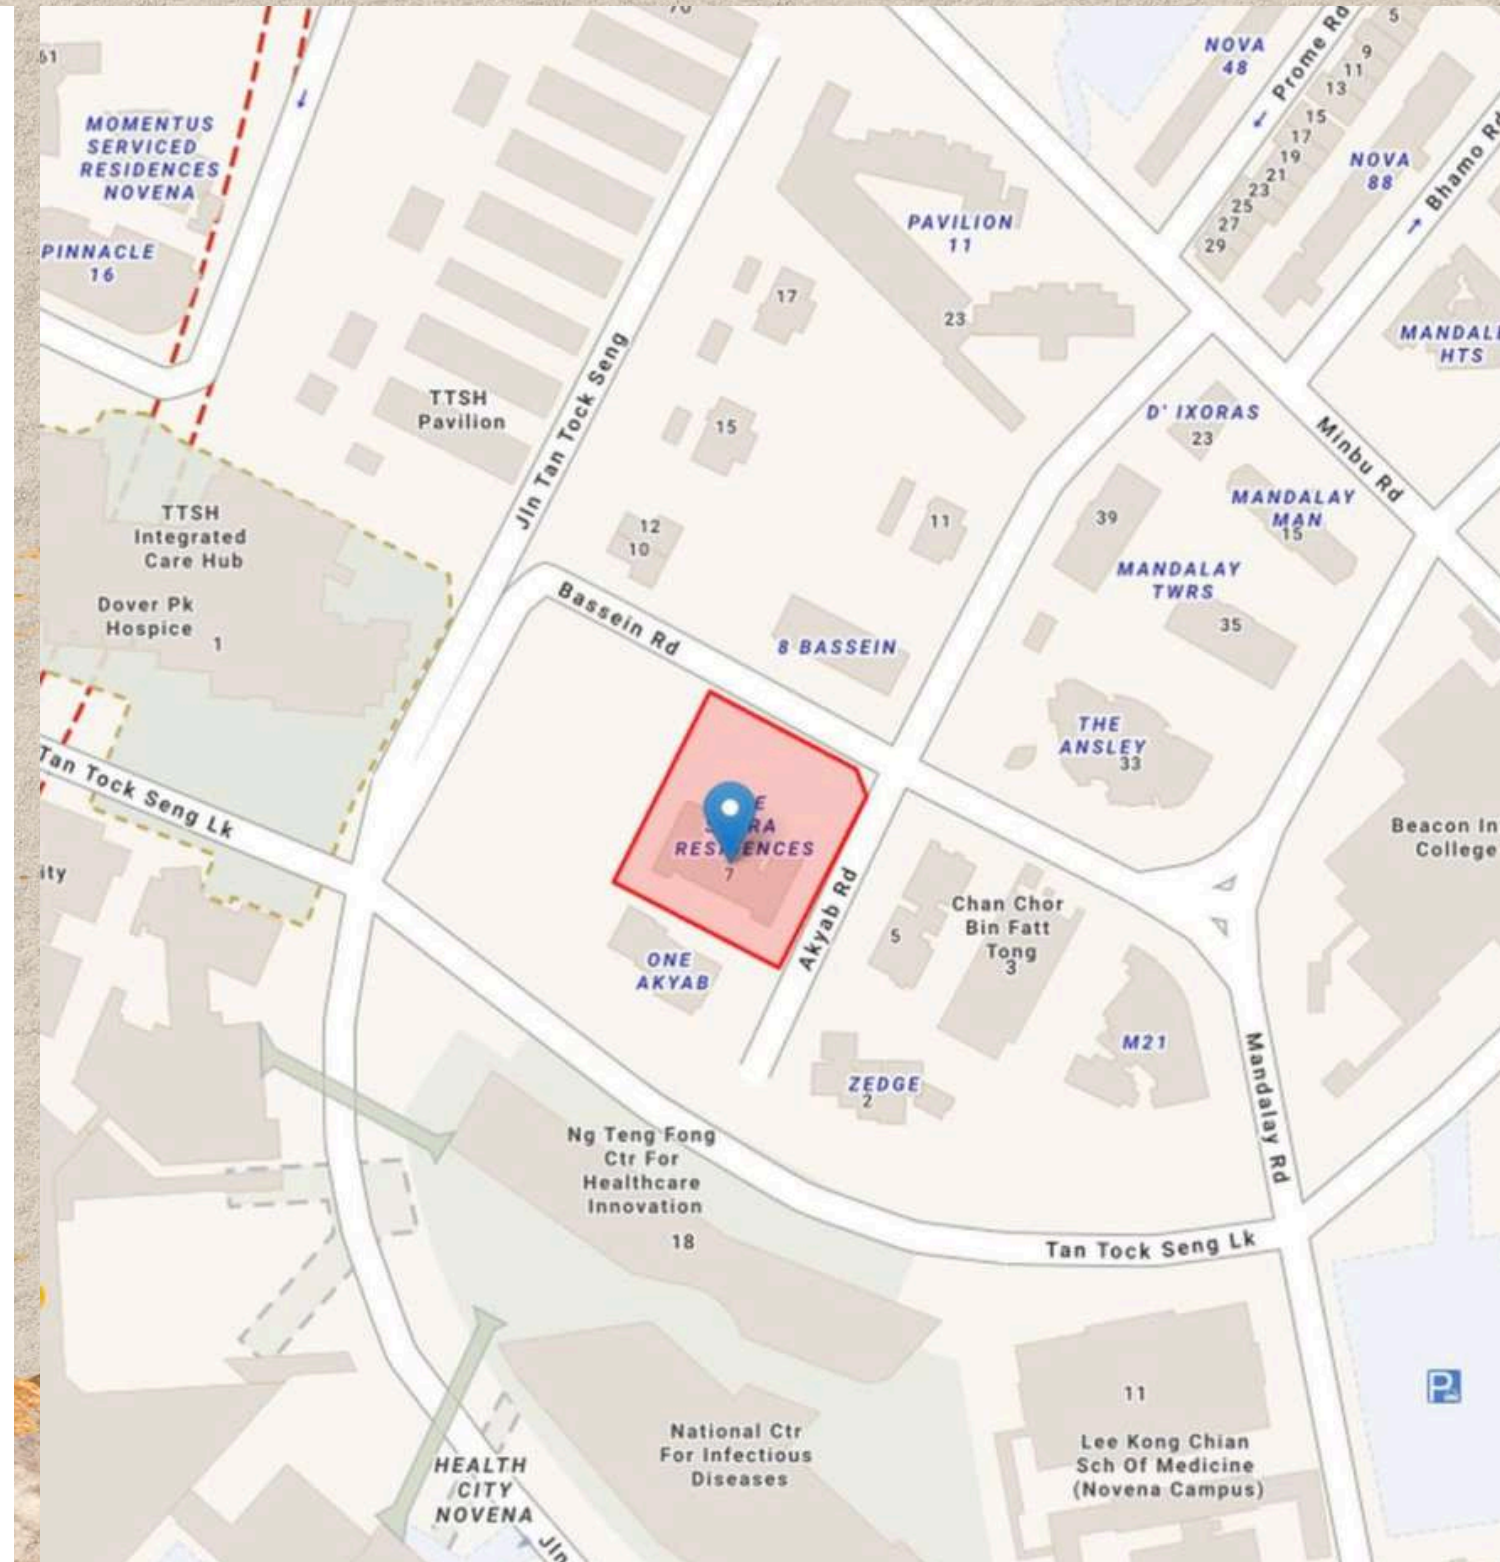

Pastoral View was completed in 1986, a single apartment block comprising of 51 units.

In 2015, mainboard-listed FEOrchard teamed up with Far East Organization in 2010 to acquire **Pastoral View**, through a collective sale, and the next door plot sold by OCBC Bank for a total of \$122 million.

This created the amalgamation of 2 land parcels at addresses 7 and 11 Bassein Road.

The parcels will be launched under the project name **The Serra Residences**, the first Freehold Harmonized residential launch in the Core Central Region.

- ✓ First Freehold Harmonized launch in CCR
- ✓ A single 28-storey tower of 133 residences
- ✓ Target Preview: 19 Sep 2026
- ✓ Target Booking Day: 3 Oct 2026

# KEY BENEFITS OF LOW DENSITY DEVELOPMENT

- ✓ **More space per household** — fewer residents sharing the overall development.
- ✓ **Greater privacy & exclusivity** — less foot traffic and fewer neighbours.
- ✓ **Less crowded facilities** — pools, gyms, function rooms and communal areas are shared among fewer households.
- ✓ **More generous landscaping** — larger grounds can allow for more greenery, gardens and recreational spaces.
- ✓ **More tranquil living environment** — generally less internal traffic, noise and congestion.
- ✓ **Premium living experience** — low-density developments can feel more private and resort-like.
- ✓ **Scarcity appeal** — a limited number of units within a sizeable site can enhance the project's exclusivity and differentiation.

7

Years since the last new launch in this pocket of Novena.  
The Serra Residences arrives as the precinct's first-mover  
— a distinct advantage for early buyers.
