Malaysian developer Eco World tops bids for Sin Ming area housing plot with S\$1,612 psf ppr offer

Tender draws 7 bids in total; Eco World's S\$208.1 million offer is higher than expected

Lorong Puntong/Sin Ming Avenue site

The 46,106 sq ft site in Lorong Puntong/Sin Ming Avenue can generate about 140 private housing units. GRAPHIC: KEW KEAT BOON, BT

[SINGAPORE] A private housing site that is a stone's throw from Bright Hill MRT station and the popular Ai Tong School drew a robust response at a state tender that closed on Tuesday (Sep 15), with the top bid coming in higher than expected.

Surpassing six other bidders, Eco World Development came in first with its bid of S\$208.1 million, which works out to nearly S\$1,612 per square foot per plot ratio (psf ppr).

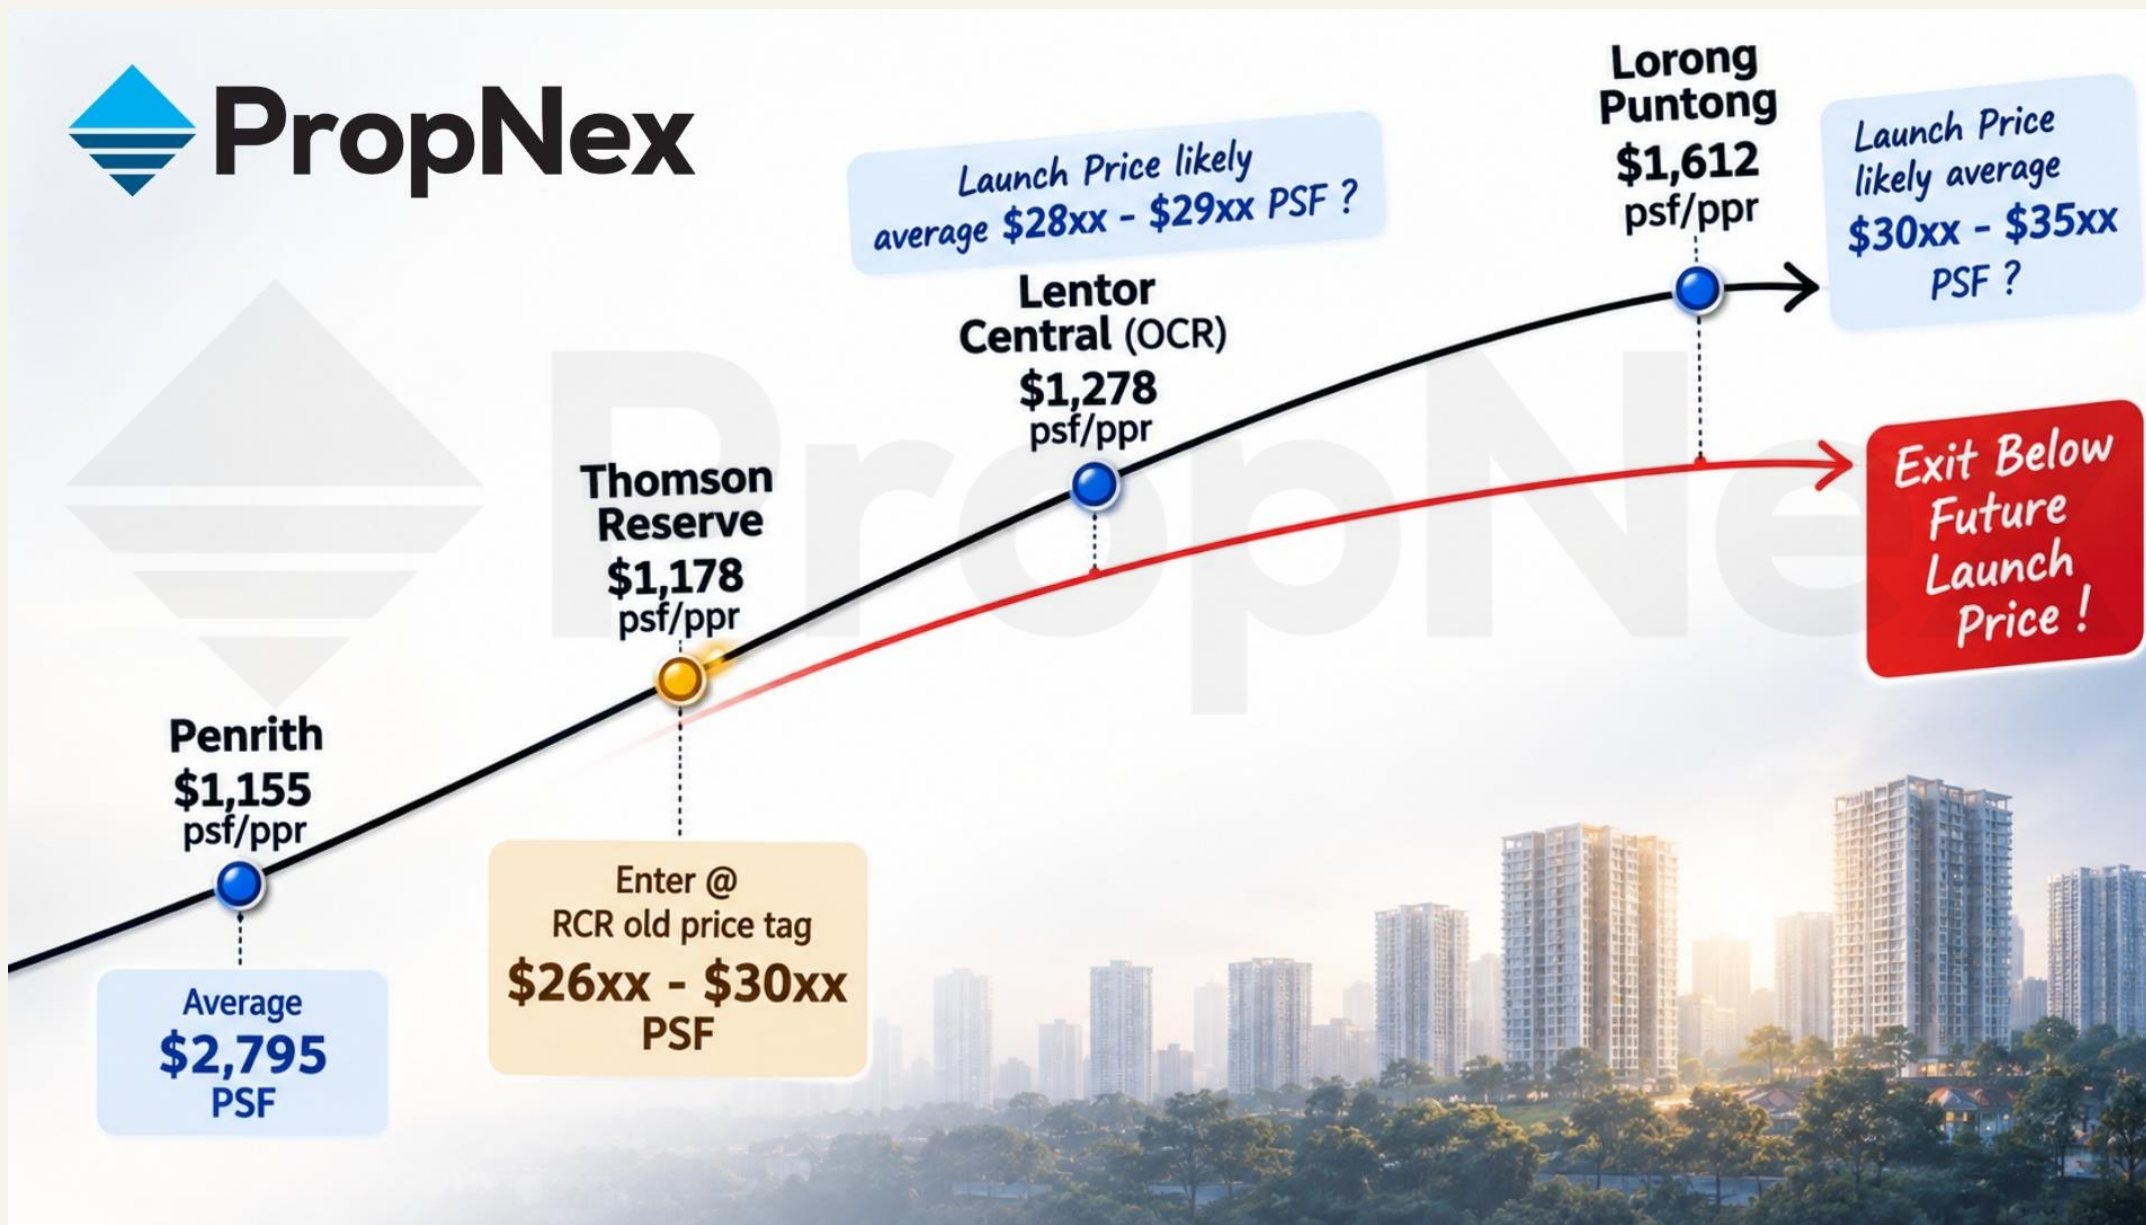

This sets a new record for a 99-year government land sale (GLS) pure private residential site in the city fringe or Rest of Central Region (RCR), surpassing the S\$1,515 psf ppr set for the Berlayar Drive site in August by 6.4 per cent.
